DEATHS FROM HEAT HAVE MULTIPLIED

Nearly 100 in the Eastern Cities
Yesterday.

The Hot Wave is Broken in Some
Places and Early Relief is Prom-
ised the Country.

SUFFERING HAS BEEN INTENSE.

New York Relieved.

New York, July 20.—According to weather sharps the backbone of the heat wave is broken, and there is every indication that the days of killing heat are past for the present. Official reports show that since the torrid weather began a hundred and eighty-five deaths are directly attributable to the heat and physicians expect many more deaths.

Heat Causes Woman to Hang Her-
self.

Indianapolis, Ind., July 20.—The intense heat and a severe electrical storm which swept northern Indiana yesterday afternoon and last night, doing considerable damage, in agricultural districts, are responsible for six fatalities according to dispatches received from various points. In this city Mrs. Sophia Hukrieds, crazed by the heat, committed suicide by hanging.

Almost 100 Killed.

New York, July 20.—While the record of deaths and prostrations greatly exceeded that of the previous day, there was a distinct diminution in the temperature prevailing throughout the Eastern section of the country. Although the midday heat was everywhere terrific, it was broken by scattered thunderstorms, many of a very violent character, and toward evening the temperature fell rapidly until normal summer conditions were reached.

In New York the highest temperature recorded was 95, one degree lower than that of Tuesday.

Philadelphia reported a slightly higher maximum range, and in other cities the highest point of Tuesday was not touched, while everywhere a sharp fall was noticed, beginning early in the afternoon. Following are the maximum temperatures, the maximum humidity and the deaths and prostrations from the heat:

	M. Tem.	Hu.	Died	Pros.
Philadel.	95.8	48	10	40
New York	95	70	75	167
Baltimore	92.2	77	4	5
Washington	92	75	1	14
Pittsburg	87	70	5	6
Buffalo	86	74		
Boston	94	63	1	25

As usual, the maximum official temperatures were exceeded by those prevailing in the crowded streets, where the actual temperature frequently exceeded 100 degrees.

Only 97 Degrees Here.

The temperature in Paducah yesterday was 97 at the highest. Last night the minimum was 74, and today the maximum will not be as high as yesterday. Today has been partially cloudy, with a good breeze.

Deaths in Cincinnati.

Cincinnati, O., July 20.—The heat wave has subsided to some extent. Two deaths from the results of excessive heat are reported today.

OVER IN SPAIN

Some of the People Tried the Philadel-
phia Gas Remedy.

Madrid, July 20.—A municipal uprising similar in some ways to that in Philadelphia recently, is reported from Salamanca. The town council decided to grant a franchise without the city being properly remunerated. The people stormed the town hall while the council was in session, drove the councillors into the street and the ring leader of the men who passed away the franchise was caught and lynched.

Eloped With Man Who Wheeled Her
About.

Ypsilanti, Mich., July 20.—Mrs. Charles Kolasch, mother of four children, has disappeared with Carl Pfeffer, aged 15. Mrs. Kolasch has been ill, and Pfeffer was employed to wheel her about in an invalid chair. They took the chair with them.

JUDGE T. J. NUNN Is Mentioned For Governor of Ken- tucky.

Judge T. J. Nunn, of Hopkins county, at present a judge of the court of appeals, is in the city today en route to Frankfort from a hunting trip in this vicinity. The judge, who is very popular here, has met a number of friends during the day, and expects to leave Paducah tonight. It is reported that Judge Nunn's friends have for sometime been trying to induce him to run for the democratic nomination for governor next time, but his present visit here has nothing to do with the report, according to local politicians. In fact, it is stated by those who know him intimately, that the matter has been mentioned to the judge a number of times, but that he has always so discouraged it that it is practically certain he will not be a candidate for governor.

INHUMAN DAUGHTER

Put Out Her Father's Eyes With
Carbolic Acid.

Chicago, July 20.—Esther Hacken, a young woman who acted as housekeeper for her father, who is 70 years of age, last night threw carbolic acid in her father's eyes totally blinding him. She told the police after being arrested that her father interfered so often in the management of household affairs that she could no longer endure it, and that during a quarrel she picked up the bottle of acid and dashed it in his face.

NOT TO BE REMOVED

The Assembly Failed to Produce
Necessary Majority.

Albany, July 20.—The assembly voted today on the resolution calling for the removal from the supreme court of Justice Hooker, charged with corrupt and immoral practice. It required a two-thirds majority to carry the resolution, and this was not secured. This means Hooker will not be removed.

PLUNGED FOUR FLOORS

And His Body Was Picked Up With
Every Bone in It Broken.

Dayton, O., July 20.—Harry Kinsel, aged 15, plunged down an elevator shaft from the fourth floor to the basement this morning at Walker's Lithographing establishment, breaking every bone in his body. He was dead when picked up.

Funeral Held Today.

Yesterday's Louisville Post said of the death of Mr. M. B. Nash's grandson:

George Henderson Saunders, the five-year-old son of J. J. Saunders, assistant manager of Dun & Co's. Agency in Louisville, died at the family residence, 1693 Everett avenue, yesterday afternoon. The boy had been ill two weeks of dysentery, but his condition was not considered serious until Sunday morning, when it was seen the end was near.

The funeral will be held at 4 o'clock tomorrow afternoon at Grace Episcopal church. The body will be buried in Cave Hill cemetery.

The boy was the second son of Mr. Saunders. Mr. Saunders is a prominent member of the Episcopal diocese of Kentucky, being secretary of that body.

Spanish Soldier Tells Weird Yarn.

Madrid, July 20.—Joseph Caballero, a former Spanish soldier in the Philippines, who has returned here, claiming he was held a prisoner by natives on the island, says that four thousand former Spanish soldiers are still held prisoners by the islanders. Inquiry will be made by the American government to ascertain if there is any truth in the story.

Board of Works Didn't Meet.

The board of public works did not hold a meeting yesterday afternoon on account of the absence of Secretary Saunders. A. Fowler and important business President Noble had to attend to. The board will not meet before Friday night.

Trustee in Bankruptcy A. Y.

Martin is preparing to file a petition for the sale of machinery, etc., in the case of the Paducah Wagon company. Real estate was recently sold and brought \$6,000, about \$2,000 short of liabilities, and now other property must be sold to satisfy the remainder of the indebtedness.

COTTON SCANDAL HAS NOT ABATED

J. F. Richards Claims Hyde Also
Gave Out Statistics.

It is Probable Now That No Second
Report On Cotton Acreage Will
Be Ordered.

IMPORTANT CONFERENCE TODAY

Washington, D. C., July 20.—In a written statement, J. Frayser Richards, who served under John Hyde, formerly of the agricultural department, in the census bureau, says that Hyde gave out statistics without authority.

"In the months of March and April 1891," says Mr. Richards, "as any one can see by reading house report No. 1933, of first section, page 52, Mr. Hyde did just what is charged against the bureau at present, viz.: He gave out, without authority and in violation of his oath of office the statistics that belong to the government."

"In other words, he employed three clerks for three weeks, from 6 o'clock in the evening until midnight to copy the names, postoffice addresses and acreage of farmers in the Rocky Mountain and Pacific regions who irrigated their lands. This information, of the most valuable character, was disposed of to an agricultural paper in Denver, Colo., and the men were paid by check drawn by him on a local bank."

"In this case the responsibility could not be shifted upon a subordinate. Mr. Hyde assumed it all, even to the granting of passes to three men and the giving of orders to the night watchman to admit the clerks to the rooms containing the schedules. Having been a member of Hyde's agricultural division, I am personally cognizant of these facts and proclaimed them at the time."

Owing to the continued delay of Secretary Wilson to reach a decision, it is believed that he will not order another report on cotton acreage.

Three men are now mentioned in connection with Hyde's office. They are Legrand Powers of Minnesota, B. W. Snow of the Orange-Judd Farm Co., of Chicago, and Victor Olmstead at present an assistant statistician of the bureau.

This morning U. S. Attorney Beach and Richard Cheatham, secretary of the Southern Cotton Growers' association, the man who started the cotton statistics investigation, held a conference in regard to information secured by them in New York.

CAIRO WHARFBOAT

Sprung a Leak Last Night and Came
Near Sinking.

Cairo, Ill., July 20.—Four leaks were discovered in the hold of the wharfboat at the foot of Sixth street by the night watchman last night, which caused it to sink.

Two of the leaks were in the north end of the boat and two in the middle of it on the east side. When discovered a stream of water as large as one's two fingers was bubbling through each one of them and the hold was filled almost to the floor with water.

The east side of the boat has been filled with freight for sometime and it thought that the leaks were sprung by the weight of the enormous quantity of wheat dumped off on the boat by the City of Savannah Sunday night.

KANSAS WHEAT

THIS DOOMED MAN CHEATS GALLOWS

German Suspected of Several
Murders Dead in Cell.

He Was to Have Been Hanged Au-
gust 8—Killed Himself by
Strangulation.

MADE MANY OTHER ATTEMPTS.

St. Paul, Minn., July 20.—Edward Gottschalk, under sentence to be hanged on Aug. 8, committed suicide yesterday afternoon by hanging.

Gottschalk has had a remarkable criminal record, being accused of two of the bloodiest and most mysterious crimes in local police annals. One day in February last, between 12 and 1, Christian Schinderdecker, a butcher, was murdered in his shop on a prominent business street. The body was literally hacked to pieces with a cleaver.

For a time the police were unable to discover the perpetrator of the crime, but suspicion fell upon Gottschalk and a young fellow named Joseph Hartmann. Gottschalk was arrested and strenuously maintained his innocence declaring that if Hartmann were found he would be able to prove by him that he had nothing to do with the crime.

On the day on which he was held to the grand jury the body of Hartmann, heavily weighted with iron, was found in the Mississippi river near Fort Snelling. His skull had been crushed in with a pick used for breaking the ice for fishing. Gottschalk was placed on trial on the charge of murdering Hartmann, and when his case came up in court he astonished every one by changing his plea of not guilty and in open court confessing to the slaughter of Hartmann, claiming that he acted in self-defense.

He denied having killed Schinderdecker, saying that he watched outside, while Hartmann murdered the butcher. Since sentence of death was passed upon him Gottschalk has made several attempts to either hang himself or break out of jail.

ZEIGLER CRAZY?

His Widow is One of Those Who
Think the Millionaire Was.

New York, July 20.—Declaring that William Zeigler, the millionaire baking powder manufacturer was insane and incompetent to make a will, his widow began a suit in the supreme court today to determine the validity of the will. Zeigler left an estate of 30,000,000 to his adopted son, William Zeigler. After leaving bequests to relatives the will provides that Mrs. Zeigler shall have an annual income of \$50,000 during life and the Zeigler residence in Fifth avenue and the summer home at Noroton.

CRUEL MURDER.

George Brown Shoots 15-Year-Old
Boy to Death on Finding Him
in Berry Patch.

Wheeling, W. Va., July 20.—Geo. Brown, a well known farmer of Wetzel county, living near New Martinsville, shot and killed William Williams, 15 years old, because he found the lad in his blackberry patch. The boy did not vacate the premises as quickly as Brown desired and he shot him.

The farmer was arrested and the community is greatly excited, the police fearing an outbreak.

REBELS ROUTED.

Pittsburg, July 20.—Alexander Berkman, a former anarchist, left the western penitentiary yesterday after serving thirteen years and ten months for having attempted the life of H. C. Frick, during the homestead strike. Berkman gained over eight years by good behavior.

INVESTIGATION OVER.

Evidence in Grain Rate Case Has
Been Completed.

Louisville, Ky., July 20.—The grain rate investigation by the interstate commerce commission ended yesterday, the only witness being J. B. McGee, representing the elevator interests of Cairo, Ill. Commissioner Clement announced that the hearing would be taken up later, but the place of meeting was not decided.

In all probability several weeks will elapse before the case comes up again, as all the evidence already taken must be submitted to the five members of the commission. When the body reconvenes arguments will be heard from attorneys representing all parties interested in the three cent shrinkage rate through Louisville from the west to the southeast, which was the original source of complaint, and in the matter of alleged duplication and triplication of expense bills.

Louisville shippers maintain that the question of fraudulent manipulation does not affect the justice of the shrink rate.

FLOATING POOL ROOM

Will Now Run Interrupted Out of
Chicago.

Chicago, July 20.—Indirectly protected by a federal court injunction, Chicago's floating pool room, the City of Travers, went into commission again and will receive racing news from the Wireless Telegraph Co., as was the practice before the Chicago police raided the offices of the telegraph company some time ago.

After hearing the arguments in the case Judge Bethea, in the United States circuit court, issued an injunction restraining Mayor Dunne, Chief of Police O'Neill and their officers and agents from interfering with the business of the wireless telegraph company in any way.

cept Position in Mississippi.

He will leave on that date for Jackson, Miss., where he will become cashier for the Capital City Banking and Trust Co. Mr. Snook is a native of Lyon county, Kentucky and came to Louisville three and a half years ago. He is a son-in-law of Capt. W. J. Stone, of Kuttawa, formerly a member of congress from the first congressional district.

ARTILLERYMEN ARE NOW REBELLIOUS

A Battery Reported to Have
Joined Revolutionists.

Prisoners Revolt and Are Shot—Sev-
eral Reported Assassinations
in Russia.

NOTHING FROM THE FAR EAST.

MAY ADVANCE ON VLADI-
VOSTOK.

St. Petersburg, July 20.—Dispatches from the army headquarters in Manchuria say that the Japanese advance from Korea is taking on a more energetic character and being pushed toward Mousan, Nanagan and Asagade. The Japanese appear to be concentrating their force for an advance on Vladivostok.

Artillerymen Revolt.

Odessa, July 20.—An artillery battery stationed at Loney, near Tiflis, Russian trans-Caucasia, has revolted. The artillerymen killed their officers and joined a band of revolutionary Armenians.

Wants Censorship Restored.

St. Petersburg, July 20.—General Treppoff is endeavoring to persuade the czar to restore the censorship on news telegrams from Russia. He told the emperor that the unfavorable impression of Russia formed by the world was due to the news dispatches sent out by correspondents.

Insurrection of Prisoners.

St. Petersburg, July 20.—Advices today tell of the revolt of a hundred prisoners confined in the prison at Dunague, in an endeavor to assist three political prisoners to escape. The guards summoned a company of soldiers to put down the rebellion, and several volleys were fired into the mass of prisoners, killing two and wounding sixteen. This suppressed the rebellion.

Strengthening Port Arthur.

St. Petersburg, July 20.—A number of Russian civilians who have returned from Port Arthur say that the Japanese since their occupation of the place, have constructed an elaborate series of new fortifications, and mounted heavy guns for the protection of the fortress. The place has been made impregnable to attack. Reported Attempted Assassination. St. Petersburg, July 20.—A circumstantial report of an attempt on the life of Constantine Petrovich Pobledonosteff, chief prosecutor of the holy synod, is current in St. Petersburg.

The authorities and even the police at the Tsarskoe Selo railway station here, where the attempt is reported to have been made, disclaim all knowledge of any such happening.

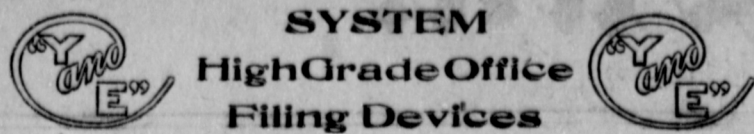

According to the report, as M. Pobledonosteff stepped from one of the coaches of the train from Tsarskoe Selo, here he is residing during the summer, to the platform a man about 28 years of age rushed up with a revolver in his hand, but he was seized by a quick-witted passenger before he could shoot and was turned over to the police.

Threw Bomb at Vice Governor.

Helsingfors, Finland, July 20.—Late yesterday afternoon two hours after Karl Leonard Hohenthal had been sentenced to imprisonment for life at hard labor for the assassination of Procurator-General Soisalon Soininen, on Feb. 6 last, an attempt was made to assassinate Vice-Governor Deutrich as he was leaving the senate.

The vice-governor had walked across the square, when suddenly, as he neared the police master's office, a man threw a bomb from a distance of fifty paces. The bomb fell short, but the vice-governor was blown off his feet by the terrific force of the explosion, which shattered the windows in the neighboring houses for a distance of hundreds of yards. Vice-Governor Deutrich was hastily assisted to the police station. He was burned and otherwise injured about his legs and bled profusely, but his wounds are declared not to be fatal.

The bomb thrower was pursued by naval cadets, but escaped.

Vincennes 4, Princeton 1.

Today's Schedule.

Cairo at Paducah.
Princeton at Vincennes.

The Indians took the fourth straight game from the Egyptians at Wallace park yesterday afternoon in the presence of a small crowd, by a score of 5 to 4, the contest lasting eleven innings.

"Old Lady" Bittorff opposed Frakes for the twirling honors, and the "Long Boy" beat him out.

Briefly summed up the Indians had ginger while the visitors were afraid to side step after one, and were perceptibly nervous.

Both scored two runs in the first inning.

Fleming hit for three sacks, and scored on Marre's single. Collins

sacrificed Marre and Roland singled, scoring Marre. The next two up fanned.

Gilligan walked and McClain sacrificed him to second. Bohannon doubled and scored Gilligan going to third on the throw. Taylor bunted and Bohannon started in-home. Collins threw to first and Roland tried to shut off Bohannon at the bag but the runner scored.

In the 6th the Indians scored twice again. Taylor tripled and Perry singled, scoring Taylor. Potts sacrificed and Brahm singled. Land singled and two runs were scored. Frakes sawed out and McClain was retired on a grounder.

The Egyptians scored one in the seventh and another in the eighth inning. In the seventh inning Harvey doubled and went to third on an error of Land, who threw wild to second to head him off. Taylor fielded the ball and threw too high at third, Harvey scoring. The next three were retired in order.

In the eighth Marre doubled and came in on a throw from the infield, the following three being retired in order. The decision on Marre's chance at the plate was close, but the "Umps" said "safe," and that "tied 'em up."

Vincennes, July 20.—The Infants arrived in this city yesterday for the opening game of the four club league and were taken into camp by a score of 4 to 1. The visitors managed to get six hits off Duggan but they could not clout one out when it meant a run. Rossen, for the visitors, was in good form but it seemed that the only time he was hit was when a safe one would net a score.

French, the speedy Henderson second baseman, who was drawn by Vincennes in the dice shaking game at Henderson Tuesday night, was on second sack for the Alice Men and played elegant ball. "Swi" Thompson, cracked up to be a world beater in the outfield, was released, "not having fulfilled predictions by one-third.

As the Kolbits appeared on the diamond they are 50 per cent stronger than at any time this season, and, if they do not belie their looks, they will give Paducah the hardest struggle of her life to keep the lead in the pennant race. Score:

Vincennes	4	7	1

It is said that Cairo has a deal on to trade Percy Wilder to the Infants for Arthur Long. The Infants have an excellent outfield as it is, and their pitching staff is where their worst weakness lies—Cairo Bulletin.

Collins seems to have lost his batting eye.

Land is improving with his stick. He has a new position at the bat which seems to have a tendency to make the pitcher place "em "straight over," and when he does the Big Man generally places it where it will do the most good.

Manager Lloyd received a bad injury yesterday. The pitched ball struck him on the left cheek and came near fracturing his jaw bone. He had to retire from the game, and Brahm took his place.

Gilligan did it again with his little stick.

Behannon is still struggling the ball to all parts of the field.

Potts made a sensational one-hand stab yesterday and retired a runner on what should have been a hit, and which would have been with any other second baseman.

Kubit umpired a good game yesterday. His decisions were good and he gets around the diamond and looks minutely after the hits and the base plays.

The batteries for today's game are Lane and Harvey for Cairo, South and Land for Paducah.

Platt has been indefinitely benched by Manager Harry Lloyd for disobedience of rules.

Orth Collins is now captain of the Cairo team. He was appointed to the

TOBACCO NEWS OF
THIS DISTRICT

Nearly Two Hundred Hogsheads
Sold on Paducah Breaks.

Mayfield Growers Are Preparing to
Organize—General Condition
of Crops.

GOOD PRICES ARE BEING PAID.

About 190 hogsheads of tobacco will be sold in Paducah this week. The sales have been quite good, and the prices brought are:

Lugs, 3 1/4 to 5 1/2
Leaf, 5 to 5 3/4
Medium, 6 to 7
Good, 7 1/2 to 9 1/2.
The market here is firm.

General Conditions.

From all sections of the Dark Tobacco district including Owensboro, we find from our correspondence that rains fell heavily in some parts and lightly in others during the early part of last week, but followed pretty generally by clear, dry, hot forcing weather says the Western Tobacco Journal. The tobacco crop generally is looking and doing well, topping going on, and the leaf spreading nicely, although some complaints of freching, where not prevented by good plowing between the hills draining them, leading to spread of leaf.

At Henderson, Ky., heavy rains fell daily for four days, since when, hot forcing weather followed, under which the crop is growing fast, with hard work for farmers to keep down the grass and weeds and prevent freching of which reports are received. It is only in particular spots in the county that tobacco has been much damaged in lowlands, and despite local damage in places, the crop is in a fair way and improving fast. Only a few loads sold this week.

Owensboro reports sales of about 100 loads at auction, and considerable privately by loads and samples, without any special change from previous week. Too much rain has fallen to be good for the crop, with reports of damage and "freching," which may be overcome by dry weather later on.

From Clarksville, Tenn., we hear that very wet weather prevailed last week, which, if continued, will lead to considerable damage to the growing crop, but if very hot weather follows there will be no material damage done. Crop needs cultivating badly, which, if attended to, will bring out the crop all right.

From Springfield, Tenn., we learn that the farmers have been able to keep their crops free of weeds and grass, and that the growing crop is looking very fine, the rains which fell doing no damage. Indications are for a large yield this season.

From Princeton, Ky., we hear that in Lyon and Caldwell counties the rains have been general, but light, and that the crop is generally doing well, and with a continuance of the dry, hot weather of the past three days a good crop is looked for.

Growers' Association members not being able to find any buyers in the country are compelled to send their tobacco to be prized, while they would have been glad two weeks ago to sell loose in preference to pricing, owing to the low prices they hear at which the prized tobacco of the association is selling.

Paducah reports an excess of rain, with complaints of "freching" in some localities, but no material damage to the crop generally so far.

Owensboro Association Elects.

Owensboro, Ky., July 20.—The Owensboro Tobacco Association met and elected officers. The object of the association is to name committees for the insurance and freight rates and other routine work of the association. The association has been in force for over 25 years.

The following officers were elected: J. M. Vaughan, re-elected president; J. C. Engelhard, vice president; S. L. McAdams, warehouseman and inspector and secretary and treasurer. This is the tenth year that Mr. McAdams has been elected to the office of inspector and warehouseman.

The Mayfield Market.

There were 268 hogsheads of leaf sold Tuesday at an average of \$5.59 1-2 per hundred and 41 hogsheads of lugs at an average of \$4.36 per hundred. Last week 360 hogsheads of leaf were sold at an average of \$5.46 1-2 and 17 hogsheads of lugs at average of \$4.33 per hundred. Last year on July 22

there were sold 373 hogsheads of leaf at an average of \$4.33 per hundred and no lugs were sold.

The grades of the tobacco this week and last were about the same and the prices were considered several cents better this week. The lugs brought more this week than leaf did one year ago.

Planters of Graves Met.

Mayfield, Ky., July 20.—The Dark Tobacco Planters of Graves county had an interesting meeting at the court house Monday afternoon. The meeting was presided over by Esquire J. W. Usher. Men were appointed in every magisterial district in the county to organize the growers.

MURRAY PAPER

THINKS IT IS AN "IMPROVED
ORDER OF WHITE MEN"

Instead of Red Men That is Needed
In the Capital City of Callo-
way County.

Something of a sensation has been created in Murray, Ky., by the developments in the effort there last Monday night to install a tribe of Red Men. The crowd of Paducah Red Men who went down did not institute the lodge, because it was found that there were factional differences among the proposed members, resulting in some good men being "black-balled" without any justification.

It is understood that the Paducah delegation may go down again next Monday and do the work, efforts being made in the meantime to adjust the trouble among the Murray "Indians."

Yesterday's Murray Ledger says: "The following named gentlemen, L. L. Bebout, grand chief sachem of Ky.; J. J. Freundlich, R. L. Long, W. T. McDowell, Clarence Householder, A. W. Barkley, C. E. Whitesides, E. B. Johnson, John W. Counts, Jas. F. Crow, S. P. Pool, John J. Arntz, Robert B. Richardson, Jr. M. E. Staten, W. C. Shearer, A. J. Smith, B. F. Bennett, R. E. Curd, D. A. Cross, B. H. Pixler, J. H. Wiemer, N. K. Morris, Mel Byrd, Jr., Gordon Barham, G. O. Ingram, Charlie Weistock, Lydney Smith and J. E. Morgan, members of the Improved Order of Red Men from Paducah, came out last Monday night for the purpose of organizing a wig-wam in Murray. They had the petitions of nearly 50 men, embracing some of our best people, but it seems that a few narrow bigots whose brains and souls could be encompassed in the space of a mustard seed, undertook to vent their personal spleen by an unholy use of the black ball. That it was petty, small and spiteful became so patent to Chief Sachem L. L. Bebout that he adjourned the meeting without organizing. Thus a few whose infinitesimal smallness would make an atom look large, have again disgraced our town, and that, too in the presence of our guests.

What we need in Murray, and we need it bad is an improved order of white men and if some philanthropic soul will undertake to effect such an organization we will furnish him with a few names who ought to become charter members, and the charter ought also to guarantee the impossibility of apostasy.

Appeals chiefly to the thousands of women whose dread of medical treatment and examinations so often keeps them silent in regard to their sufferings. To this class this simple home treatment comes as a blessing, for by its use any lady can treat herself. A few boxes will put an end to the distressing pains and derangements that years of treatment that required taking strong medicine into the stomach would not eradicate. MAGNOLIA BLOSSOM is curing hundreds of women every day, who having suffered from distressing female complaints for years and having obtained relief by the use of this simple common sense remedy, believe it their duty to come forward and testify to its merit. Hundreds of letters similar to the following are received at the company's office every day. Mrs. F. P. Waits, Morton, Miss., says she

SOUTH BEND REMEDY CO.—Gentlemen: I am going to my old home in Smith Co., and I want to take some of your Remedies there with me so that they may speak in my place. All my friends there know that I have been almost dead for a long time, and I want them to see what a change your Remedies have made in me. I am told here that I look as young as I did when I was married, twenty-two years ago. My health is due to your MAGNOLIA BLOSSOM, and I am going to try and induce all my suffering sisters to give it a trial and be healed as I am. I had almost every kind of Female Disease, and spent hundreds of dollars without obtaining a cure. I was determined to fight for my life, though, and when I heard of MAGNOLIA BLOSSOM I gave it a good trial, and thank God that by the use of that noble Remedy I am today a well woman. If you think my letter will be a help to my sex you may publish same, for I am anxious to have every suffering woman give your Remedies a trial and be cured. Yours truly,

MRS. F. P. WAITS, Morton, Miss.

GAUZY STORY

TOLD BY NEGRO BOY WHO HAD
BEEN STEALING BICYCLES.

Will Arnold Held On Two Charges of
House Breaking—Other Police
Court News.

There were two felony cases before Police Judge D. L. Sanders this morning.

Dennis Reed, a small mulatto about 13 years old, pleaded guilty to stealing Walter Sullivan's bicycle, but said that he was paid to do so, some other negro giving him some whiskey to take the wheel.

The youth failed to explain why he did not turn the wheel over to the negro who paid him to steal it instead of selling it for \$2.75. Judge Sanders held him over for obtaining money by false pretenses.

Will Arnold, colored, who admitted having broken into the residence of Wm. Zaliss and stolen a pistol several weeks ago, and also to have taken a shot gun from another residence a year ago, waived examination and was held over on two separate cases.

Other cases were: Auzy Chandler, white, breach of the peace, \$10 and costs; David Gordon, white, drunk and disorderly, \$5 and costs; Geo. Woodward, colored, breach of the peace \$10 and costs.

Daily Thought.

"Main strength doesn't always lift the load. Knack does as much as muscle."

REPUBLICANS SHOULD ACT.

Time flies, and almost before we know it the summer will be past, and election time will be here. Under the second class charter there is a municipal election every year, at which half the municipal boards are chosen. Last year the Republicans elected their ticket and at the beginning of the year had an equal division in the legislative boards. This year they have a chance to elect the other half. Now is a good time to begin laying plans for both the city and county campaign. The Democrats have already nominated their county ticket, and are trying to infuse a little enthusiasm into their city campaign—thus far without any apparent success.

There is always a chance for the Republicans to win. In the city, with good men on the ticket, they should be able to win easily. The thing to do now is to begin selecting good men for the council, board of aldermen and board of education, as well as for the county offices.

Many of Paducah's best citizens are Republicans, and if they will only consent to permit the use of their names in the fall municipal election, victory for the Republicans would be easy. It is the duty of every loyal citizen to do all he can to assist in upbuilding the city, which can best be accomplished by retiring to private life some of the Democratic members of the municipal boards.

It is likely that the Republican committee will shortly begin looking about for suitable men to run for the various offices, and is greatly to be desired that it select the best men in the city, who are easily to be found in the Republican ranks.

It is too bad that Hopkinsville, which had such a hard time at the beginning of the season raising the necessary money to keep in the Kitty league, should have been so summarily dropped, but what was to be done? The league could not go on with five clubs, because there would be nothing for one of the clubs to play. The Henderson franchise

from further obligation under their contracts. They thus forced the issue, put the Henderson association out of business, and also forced Hopkinsville out of the league. Fans all over the league are sorry to see Hopown out, for the players have always been among the fastest and most gentlemanly in the league. The thing for the public to do, however, is to turn out and support the remainder of the teams if they want baseball.

It is to be hoped that the board of aldermen, when the time comes, will not concur in the silly automobile ordinance passed by the council Monday. It is well enough to enact whatever automobile legislation is necessary to safeguard the public, but there is no sense or reason in prohibiting an automobilist from leaving his machine without someone in charge of it. When he leaves his machine with the "plug" in his pocket, there is no possible way for the machine to move unless someone hitches a horse to it and pulls it away. The new ordinance would simply require every auto owner to carry a chauffeur, which would be an unnecessary expense that all of them cannot stand.

The effort to have the state purchase the old Illinois Central bridge over Tennessee river near Gilbertsville for a foot and wagon bridge, may meet with objection, but if the state wants it, the objections will likely amount to little. River men it is understood, object to the bridge because its piers make a "cross current," but the bridge was put there by act of congress, and only congress can enforce its removal. All bridges are more or less dangerous to navigation, but the Tennessee river bridge is not more dangerous now than it has always been, and it has been there a good many years. If the state wants a bargain it should at once arrange to purchase the old bridge.

About the only diversion afforded the democrats these days is that of censuring and caricaturing the republican party because a few officials at Washington occasionally make a mistake or go wrong. This is a big country, and thousands of people occupy confidential positions in the government service. It would be very remarkable indeed if some of them sometimes did not make a mistake, but think of how many thousands do not!

NEW STEAMER.

City of Saltillo is Due On Her Maiden Trip.

The new steamer, City of Saltillo is due from St. Louis tomorrow for Tennessee river on her initial trip. She is filled with passengers. The crew consists of H. N. Crane, master; S. C. Baker and George Howe, clerks; Frank Gill steward; John Stout and Luther Rowland, pilots; Fred Boothman, engineer, and Harry Rogers, mate. The appointment of the crew resulted in a number of changes to fill vacancies on other boats about St. Louis. Theodore Hall succeeded Crane as master of the Savannah and Blount Hodge succeeded Hall as pilot on the same boat. Capt. Geo. Murray took the place of Stout as pilot on the Chester. Tobe Royal succeeded Rogers as mate of the Savannah, and Dave Mangan succeeded Baker as clerk of that steamer.

The boat is due here about 11 o'clock tonight. At Saltillo a delegation of merchants will present her with her colors, which are very handsome.

ALL IN READINESS FOR THE CROWDS

New Hospital Will be Open for Patients Tomorrow.

There Will Be Two Receptions Today—Old Hospital to Be Closed Next Monday.

SOMETHING OF NEW BUILDING.

The new Riverside hospital will be thrown open for patients tomorrow morning, but the patients in the old city hospital will not be transferred until Monday.

Mayor Yeiser stated this morning that Mrs. Sarah Birchett, who is now matron at the old hospital, would not be in office after Monday, her term expiring when a successor is elected and installed. Mrs. Birchett has been matron without re-election for a year and a half, the officials foreseeing the building of a new hospital and a change of management.

Mayor Yeiser stated today relative to selling the old hospital, that nothing had been done further than the rejection of one bid of \$2,500. Mayor Yeiser stated the city wanted \$3,500 for the property and he would reject all bids under that, unless he became convinced that it was impossible to sell at that figure. He stated that the matter could be held up—that a little waiting wouldn't hurt it.

The receptions today will no doubt be attended by large crowds of people who desire to go through the handsome building and see one of the most complete institutions of its kind in the state.

The first floor is not yet completely finished, and is not used as a hospital.

On the second floor are the nurses' dining room, reception room, doctors and operating suite.

On the third floor are the memorial wards.

The hospital corps is at present composed of the following:

Miss Frances Farley, superintendent.

Miss Elsie Bradford, head surgical nurse.

Miss Blanch Shelbourne, assistant nurse.

There will be other nurses later, also one interne and a druggist.

There is one colored male nurse to assist in the nursing.

The memorial wards on the third floor are as follows:

Leopold Friedman, ward 10—bed, female, white.

William Keiler, ward, 10—bed, male, white.

The Henry Weil room is beautifully finished in enamel, and the J. R. Smith room furnished in brass and white.

The John Hobson Stewart room is one of the most attractive and complete of the rooms and the ward for members of the Benevolent and Protective Order of Elks is a fine one, finished in white enamel.

The memorial wards were furnished by relatives of the deceased in whose honor they are named, and are as complete as money can make them.

The reception this afternoon from 3 to 6 will be for ladies only, and the one this evening from 7 until 11 will be for men.

JUSTICE YOUNG.

Did a Pretty Good Business Today.

Justice Jesse Young this morning broke the dull monotony of the magistrates' courts by assessing fines aggregating \$170 with over \$50 costs, not a bad day's business for a dull period.

Five offenders are residents of Canaan, just beyond the Sowell mill in Mechanicsburg, and were fined for fighting and disturbing the peace in general.

On the night of July 4th Tom Jackson, Rosa Looney and Jennie Carneal, colored, engaged in a mutual fight. They struck, beat and swore at each other, but when the police arrived all had fled and managed to elude the authorities until yesterday afternoon when Constable A. C. Shelton got after them.

When the trial was finished today Justice Young fined them \$30 and costs each.

On Sunday night Jim Watson and Mollie Bolan, colored, engaged in a little "argument" which ended in a general fight. There was no blood spilled, but the court assessed a fine of \$50 and costs against Watson and \$30 and costs against the Bolan woman.

Some of those fined today gave bond while the remainder had to go to jail.

THE CASH REGISTER WAS DEMOLISHED

Burglar Got Mad Because it Was Empty.

Thieves Entered the Whitehead Restaurant But Nothing Has Yet Been Missed.

GANG MAY BE WORKING TOWN

The restaurant of William Whitehead, on Broadway, between Second and Third streets, was burglarized last night, but nothing has been missed. The burglar did not leave without doing some damage, however, completely demolishing the handsome cash register before he left.

The restaurant was closed at the usual hour early in the night, and it is presumed the thief entered from the rear by climbing on the roof and entering a window. The restaurant proprietor always "robs" his cash register before he leaves, and consequently there was nothing left in it. The thief, however, tore the register up, probably mad because he failed to find anything.

The matter has been reported to the police who are working on the case.

Night before last someone entered the Warren & Warren jewelry store next door. Burglaries of late have been frequent and the police think a gang of thieves is working the city. Every attempt to break it up will be made.

ITINERANT PITCHER

Got Bad in Paducah and Was Fined Some.

David Gordon, who was this morning in police court fined \$5 and costs for a breach of the peace, claims to be a professional baseball pitcher, and says that he played last season in the Missouri Valley league, a league about as fast as the Kitty league.

Gordon had come to Paducah from Kansas City and wanted to get on with some Kitty league team. He got too full of "bug juice" and started in to wipe out the Red Light district. He was arrested before he had done a great deal of damage and fined this morning.

Gordon has no friends here and the authorities told him he might be released if he promised to leave the city. This he readily agreed to do and this afternoon will be released.

EXPERTS HERE

To Assist in the Reconstruction of Third Street.

Mr. Edward Bridges, of Wabash, Ind., of the firm of Thos. Bridges Sons, who are doing the Third street reconstruction work, returned to the city this morning bringing with him his general foreman, Mr. P. A. Matten.

Mr. Bridges also brought with him Mr. Ed. Persian, an expert concrete man, who has had charge of all the concrete work on the Big Four road for several years.

Both Mr. Matten and Mr. Persian are experts and will push the work of reconstructing Third street with all the haste possible.

Today the three local colored Baptist Sunday schools are giving a picnic at Maxon's Mills, and it required two special Illinois Central

A Nashville Marriage.

A marriage Tuesday in Nashville, Tenn., that will be of interest in Paducah, where the couple have relatives, was that of Miss Bessie L. Cohen and Mr. Joseph Simon. The Nashville Banner of yesterday says:

The attendants included four ushers, Reuben, Alexander and Hymie Cohen and Mr. J. H. Epstein of Hartshorne, I. T. The bridesmaids were Miss Sara Cohen the bride's sister; Misses Pauline and Sara Simon, the groom's sisters, and Miss Bessie Abrams of New York. Mr. Sam Simon, of Paducah, was best man and Miss Jennie Cohen, maid of honor. The personnel of the bridal party also included a page, costumed in pink, and three little flower girls, who were garbed in rose-tinted mull and lace and carried baskets of pink and white carnations. They were little Misses Leah Belle Levy, Rose Wolfman, Dente Myers and Master Horace Leon Levy.

A subsequent reception at the home of the bride's father on Capitol square was attended by a company of 75, including only members of the family connection. Assisting in receiving were Mr. and Mrs. Max Levy, Mr. and Mrs. Sam Levy and Mrs. L. Abrams of New York.

Mr. and Mrs. Simon, whose traveling costume was a gray tailored cloth and turban, left on the 2 a. m. train for Cleveland, O., for a visit to friends, and later they will go to Buffalo, Niagara Falls and to New York and Washington, where they will be entertained by friends. They will be gone six weeks.

Out-of-town wedding guests were Mrs. L. Abrams and Miss Bessie Abrams of New York; Mr. and Mrs. Moses Simon, Mr. and Mrs. S. Michelson, Miss Sara Simon and Messrs. Sam and Louis Simon of Paducah, Ky.; Mrs. Dora Wolfman, Miss Rose Wolfman and J. H. Epstein, of Hartshorne, I. T.; Mr. and Mrs. Max Levy of Lake Providence, La.; and Mr. A. I. Levy, of Shelby, Miss.

Miss Leonard's Marriage.

Yesterday's St. Louis Globe-Democrat says of the recent marriage of Miss Sallie Leonard, a sister of Mrs. J. Wheeler Campbell, of Paducah:

"Mrs. Simeon Norvel Leonard of New York City has just sent out cards announcing the marriage of her daughter, Miss Sallie Payne Leonard, and Mr. Edwin Ward Bliss of New York City. The marriage took place in New York on Tuesday evening, June 29, very quietly, and was somewhat of a surprise to the friends of the couple although their intimate circle had been apprised of the engagement. The young couple have since been enjoying their honeymoon, and will be at home to their friends after September 1 at 9 East Thirty-first street, New York City. Mrs. Bliss is a sister of Mrs. J. Shep Cabanne, Jr., of this city, whom she will visit in the near future."

Big Time at Crittenden.

Mr. John Wilson, the proprietor and manager of the hotel at Crittenden Springs, was in the city today in the interest of his hotel. Mr. Wilson says Crittenden is the coolest place to be found anywhere around here during this heated term, and his guests are having a delightful time. Monday night, of next week, he has a big euchre party on his social calendar, and Tuesday night a dance, and a number of Paducah people are planning to attend.

Married at Metropolis.

Mr. Joseph Hale, a well-known Illinois Central fireman, and Miss Pearl Sands, daughter of Mrs. A. T. Sands, of South Third street, went to Metropolis, Ill., today and were quietly married, and will return this afternoon and reside at the home of the bride's mother, 1017 South Third street. The marriage was not an elopement.

A large crowd of both ladies and gentlemen is expected today at the opening receptions at the Riverside hospital. CLEANING COURT HOUSE.

Jailer Jones is Making It Look Like
New.

Jailer L. L. Jones for the past sev-
eral days has been cleaning up the
interior of the court house and it
looks as if it had been repainted.

A force of "trusty" prisoners have
been set to work washing off the
brick work. The corners and fancy
work about the court house are in
white and the remainder of the build-
ing a dull brown. The white had
become so dirty that it nearly showed
up the same as the brown, but when
the brush is put to it, a different ap-
pearance is produced.

The work is progressing nicely
and will be finished at its present
rate in three weeks.

The Return of SHERLOCK HOLMES

By A. CONAN DOYLE

Author of "The Adventures of Sherlock Holmes," "The Hound of the Baskervilles," "The Sign of the Four," "A Study in Scarlet," etc.

ILLUSTRATED BY F. D. STEELS

The Adventure of the Priory School

No. 5 of the Series

(Continued from yesterday.)

"I fear, your grace, that matters can hardly be arranged so easily. There is the death of this schoolmaster to be accounted for."

"But James knew nothing of that. You cannot hold him responsible for that. It was the work of this brutal ruffian whom he had the misfortune to employ."

"I must take the view, your grace, that when a man embarks upon a crime he is morally guilty of any other crime which may spring from it."

"Morally, Mr. Holmes, no doubt you are right; but surely not in the eyes of the law. A man cannot be condemned for a murder at which he was not present and which he loathes and abhors as much as you do. The instant that he heard of it he made a complete confession to me, so filled was he with horror and remorse. He lost not an hour in breaking entirely with the murderer. Oh, Mr. Holmes, you must save him—you must save him! I tell you that you must save him!"

"The duke dropped the last attempt at self command and was pacing the room with a convulsed face and with his clenched hands waving in the air. At last he mastered himself and sat down once more at his desk. 'I appreciate your conduct in coming here before you spoke to any one else,' said he. 'At least we may take counsel how far we can minimize this hideous scandal.'"

"Exactly," said Holmes. "I think, your grace, that this can only be done by absolute frankness between us. I am disposed to help your grace to the best of my ability, but in order to do so I must understand to the last detail how the matter stands. I realize that your words applied to Mr. James Wilder and that he is not the murderer."

"No, the murderer has escaped," said Sherlock Holmes demurely.

"Your grace can hardly have heard of any small reputation which I possess or you would not imagine that it is so easy to escape me. Mr. Reuben Hayes was arrested at Chesterfield on my information at 11 o'clock last night. I had a telegram from the head of the local police before I left the school this morning."

"The duke leaned back in his chair and stared with amazement at my friend."

"You seem to have powers that are hardly human," said he. "So Reuben Hayes is taken? I am right glad to hear it if it will not react upon the fate of James."

"Your secretary?"

"No, sir, my son."

"It was Holmes' turn to look astonished."

"I confess that this is entirely new to me, your grace. I must beg you to be more explicit."

"I will conceal nothing from you. I agree with you that complete frankness, however painful it may be to me, is the best policy in this desperate situation to which James' folly and jealousy have reduced us. When I was a very young man, Mr. Holmes, I loved with such a love as comes only once in a lifetime. I offered the lady marriage, but she refused it on the grounds that such a match might mar my career. Had she lived I would certainly never have married any one else. She died and left this one child, whom for her sake I have cherished and cared for. I could not acknowledge the paternity to the world, but I gave him the best of educations, and since he came to manhood I have kept him near my person. He surmised my secret and has presumed ever since upon the claim which he has upon me and upon his power of provoking a scandal which would be abhorrent to me. His presence had something to do with the unhappy issue of my marriage. Above all, he hated my young legitimate heir from the first with a persistent hatred."

"You may well ask me why, under these circumstances, I still kept James under my roof. I answer that it was because I could see his mother's face in his and that for her dear sake there was no end to my long suffering. All her pretty ways, too—there was not one of them which he could not suggest and bring back to my memory. I could not send him away. But I feared so much lest he should do Arthur—that is, Lord Salfire—a mischief that I dispatched him for safety to Dr. Huxtable's school."

"James came into contact with this fellow Hayes because the man was a tenant of mine and James acted as agent. The fellow was a rascal from the beginning, but in some extraordinary way James became intimate with him. He had always a taste for low company. When James determined to kidnap Lord Salfire it was of this man's service that he availed himself. You remember that I wrote to Arthur upon that last day. Well, James opened the letter and inserted a note asking Arthur to meet him in a little wood

called the Ragged Shaw, which is near to the school. He used the duchess' name and in that way got the boy to come. That evening James bicycled over—I am telling you what he has himself confessed to me—and he told Arthur, whom he met in the wood, that his mother longed to see him, and that if he would come back into the wood at midnight he would find a man with a horse, who would take him to her. Poor Arthur fell into the trap. He came to the appointment and found this fellow Hayes with a led pony. Arthur mounted, and they set off together. It appears—though this James only heard yesterday—that they were pursued, that Hayes struck the pursuer with his stick and that the man died of his injuries. Hayes brought Arthur to his public house, the Fighting Cock, where he was confined in an upper room, under the care of Mrs. Hayes, who is a kindly woman, but entirely under the control of her brutal husband."

"Well, Mr. Holmes, that was the state of affairs when I first saw you two days ago. I had no more idea of the truth than you. You will ask me what was James' motive in doing such a deed. I answer that there was a great deal which was unreasoning and fanatical in the hatred which he bore my heir. In his view he should himself have been heir of all my estates, and he deeply resented these social laws which made it impossible. At the same time he had a definite motive also. He was eager that I should break the entail, and he was of opinion that it lay in my power to do so. He intended to make a bargain with me—to restore Arthur if I would break the entail and so make it possible for the estate to be left to him by will. He knew well that I should never willingly invoke the aid of the police against him. I say that he would have proposed such a bargain to me, but did not actually do so, for events moved too quickly for him, and he had not time to put his plans into practice."

"What brought all his wicked scheme to wreck was your discovery of this man Heidelberg's dead body. James was seized with horror at the news. It came to us yesterday as we sat together in this study. Dr. Huxtable had sent a telegram. James was so overwhelmed with grief and agitation that my suspicions, which had never been entirely absent, rose instantly to a certainty, and I taxed him with the deed. He made a complete voluntary confession. Then he implored me to keep his secret for three days longer so as to

give his wretched accomplice a chance of saving his guilty life. I yielded—as I have always yielded—to his prayers, and instantly James hurried off to the Fighting Cock to warn Hayes and give him the means of flight. I could not go there by daylight without provoking comment, but as soon as night fell I hurried off to see my dear Arthur. I found him safe and well, but horrified beyond expression by the dreadful deed he had witnessed. In deference to my promise and much against my will I consented to leave him there for three days under the charge of Mrs. Hayes, since it was evident that it was impossible to inform the police where he was without telling them also who was the murderer, and I could not see how that murderer could be punished without ruin to my unfortunate James. You asked for frankness, Mr. Holmes, and I have taken you at your word, for I have told you everything without an attempt at circumlocution or concealment. Do you in your turn be as frank with me."

"I will," said Holmes. "In the first place, your grace, I am bound to tell you that you have placed yourself in a most serious position in the eyes of the law. You have condoned a felony, and you have aided the escape of a murderer. For I cannot doubt that any money which was taken by James Wilder to aid his accomplice in his flight came from your grace's purse."

The duke bowed his assent.

"This is indeed a most serious matter. Even more culpable in my opinion, your grace, is your attitude toward your younger son. You leave him in this den for three days."

"Under solemn promises!"

"What are promises to such people as these? You have no guarantee that he will not be spirited away again. To humor your guilty elder son you have exposed your innocent younger son to imminent and unnecessary danger. It was a most unjustifiable action."

The proud lord of Holderness was not accustomed to be so rated in his own ducal hall. The blood flushed into his high forehead, but his conscience held him dumb.

"I will help you, but on one condition only. It is that you ring for the footman and let me give such orders as I like."

Without a word the duke pressed the electric bell. A servant entered.

"You will be glad to hear," said Holmes, "that your young master is found. It is the duke's desire that the carriage shall go at once to the Fighting Cock Inn to bring Lord Salfire home."

"Now," said Holmes when the rejoicing lackey had disappeared, "having secured the future, we can afford to be more lenient with the past. I am not in an official position, and there is no reason so long as the ends of justice are served why I should disclose all that I know. As to Hayes, I say nothing. The gallows awaits him, and I would do nothing to save him from it. What he will divulge I cannot tell, but I have no doubt that your grace could make him understand that it is to his interest to be silent. From the police point of view he will have kidnapped the boy for the purpose of ransom. If they do not themselves find it out, I see no reason why I should prompt them to take a broader point of view. I would warn your grace, however, that the continued presence of Mr. James Wilder in your household can only lead to misfortune."

"I understand that, Mr. Holmes, and it is already settled that he shall leave me forever and go to seek his fortune in Australia."

"In that case, your grace, since you have yourself stated that any unhappiness in your married life was caused by his presence, I would suggest that you make such amends as you can to the duchess and that you try to resume those relations which have been so unhappily interrupted."

"That also I have arranged, Mr. Holmes. I wrote to the duchess this morning."

"In that case," said Holmes, "I think that my friend and I can congratulate ourselves upon several most happy results from our little visit to the north. There is one other small point upon which I desire some light. This fellow Hayes had shot his horses with shoes which counterfeited the tracks of cows. Was it from Mr. Wilder that he learned so extraordinary a device?"

The duke stood in thought for a moment, with a look of intense surprise on his face. Then he opened a door and showed us into a large room furnished as a museum. He led the way to a glass case in a corner and pointed to the inscription.

"These shoes," it ran, "were dug up in the moat of Holderness Hall. They are for the use of horses, but they are shaped below with a cloven foot of iron so as to throw pursuers off the track. They are supposed to have belonged to some of the marauding barons of Holderness in the middle ages."

Holmes opened the case, and, moistening his finger, he passed it along the shoe. A thin film of recent mud was left upon his skin.

"Thank you," said he as he replaced the glass. "It is the second most interesting object that I have seen in the north."

"And the first?"

Holmes folded up his check and placed it carefully in his notebook. "I am a poor man," said he as he parted it affectionately and thrust it into the depths of his inner pocket.

AGAIN DEFERRED

CHARGES AGAINST CITY JAILER NOT HEARD LAST NIGHT.

Absence of Alderman Bell Causes Another Postponement.

Trial of the charges against City Jailer Tom Evitts filed by Mayor Yeiser at the instance of Officer Sam Beadles, was last night deferred again by the board of aldermen, this time until Monday. It is the second time the hearing has been postponed. It was first set for last Friday, then continued until Wednesday, and now until Monday.

The reason the trial did not proceed last night is that Alderman Bell is out of the city and it was desired to have all members present at the trial. All the others were there together with about 100 spectators, a large number of witnesses, and almost as many lawyers.

The attorneys in the case are: Attorneys Thomas B. Harrison, W. F. Bradshaw, Sr., and Hal Corbett, for the prosecution, and Attorneys John K. Kendricks, Sam Crossland and Wheeler Campbell for the defense.

It was reported that two of the aldermen would not sit in the case, but they were both present last night. It is announced that the trial will be held Monday if attachments have to be issued for the witnesses and members of the board of aldermen.

Since articles of impeachment were drawn and charges preferred against City Jailer Tom Evitts, a number of interested persons have asked if he has any appeal in case the evidence is sufficient to impeach.

City Solicitor Ed. H. Puryear stated this morning that cities of the first class provided in their charter that an appeal may be taken in impeachment cases to the circuit court and then to the higher courts, if the defendant desires to carry it that far, but as far as he could find, charters of cities of the second class do not make provisions for an appeal to any court.

It is the opinion of the city solicitor that if cities of the first class carry such provisions in their charter, then it stands to reason that cities of the second class should have the same provisions.

HOPTOWN FANS ARE AFTER TROUBLE

Claim That the League Had no Right to Kick Them Out.

Acting Secretary Farnbaker Says Three Clubs Could Oust the Nut Students.

ONE CLUB HAD TO BE DROPPED

The threatened trouble in the Kitty league over Hoptown's expulsion has not yet developed.

Acting Secretary M. J. Farnbaker was in the city today, and said that it was regretted that Hopkinsville had to be dropped, but that it could not be helped. That Hopkinsville is not a Sunday ball town, when it came to dropping one of the clubs it was deemed advisable to drop the one that the league could best spare.

The whole trouble is to be settled at a meeting to be held at Vincennes Monday next. The people of Hopkinsville seem to be very indignant, but Mr. Farnbaker says Hopkinsville has no recourse. He denies that he voted Hopkinsville's proxy without authority. He says that only three clubs were necessary to constitute a quorum or majority in the league after Henderson dropped out. In other words, when Henderson dropped out it left five clubs, three of which were a quorum. Cairo, Vincennes and Princeton could then drop Hopkinsville, even if both Paducah and Hopkinsville were not represented, according to Mr. Farnbaker.

The Hopkinsville New Era of yesterday says:

"The Hopkinsville team will appear at the park this afternoon in uniform and claim the game scheduled to be played with Princeton."

"A telephone message from President Gus Thompson states that Paducah was not notified of the Henderson meeting and he repudiates its action."

"The Hopkinsville directors have telegraphed to the officials of all the teams demanding a regularly called meeting of the league officials and declaring that dope dealings at Henderson were illegal."

"Unless the league officials formally meet to consider Hopkinsville's claims, suits will be instituted at once."

"In the meantime all games scheduled to be played in this city will be declared forfeited to Hopkinsville."

"Cheer up."

After giving the proceedings of the Henderson meeting, the New Era continues:

"There is the maddest lot of fans here today ever seen. Lawyers of the town have been consulted and say there is legal recourse. One way is to have a mandatory injunction issued which will prevent any of the teams playing until the matter is adjusted. If this is refused it is proposed that the league funds as well as the receipts of the club scheduled to play here on each day shall be attached. In any event, Hopkinsville is entitled to about \$290 from the league treasury as her forfeit money, her part of Henderson's forfeit, etc. It is very probable that the matter will be carried through the courts and fought to a finish."

"Princeton was scheduled to play here today but was ordered to Vincennes instead. Eddie Kolb, manager of the Vincennes team, must have been fully advised as to the proposed action, for yesterday he received a telegram telling him to come directly home from here. In discussing the telegram he let slip enough to show, since the upheaval has come, that he knew all about it."

"Cairo has already offered Bomar and Foxey Morris berths at \$100 and \$85 a month, respectively. Sheffield, Ala., has also wired for Pat McAndrews. All the other players would have no trouble finding a place."

"Hopkinsville has passed through all kinds of trouble during her three years membership in the Kitty, but has successfully overcome every obstacle and was never in better condition, either financially or otherwise, to go through the season. The team has been playing wonderful ball of late and was sure to go up the ladder. The attendance was fully as good as any other city, and the league had no cause whatever for their action."

Today's Cairo Bulletin says of the trouble:

"The Nut Students, the Hopkinsville war horses, have risen in their mighty little might and flatly, squarely and strenuously refused to be ejected bodily from the Kitty

without their consent. They insist on considering themselves still a member of the league and in an effort to carry out their idea they yesterday appeared on the diamond in their city in uniform and, Princeton not showing up at the appointed hour, the umpire called the game and forfeited it to the Hoppers by default by the score of 9 to 0.

"Secretary Greaney yesterday received a letter from the president of the Hopkinsville Association, stating that the meeting at Henderson Tuesday night was considered illegal, neither Hopkinsville nor Paducah being notified that it was to be held, and that the latter city would refuse to consider any action taken at that meeting as valid. The letter insists that unless another meeting is called at once at which representatives from Hoptown will be allowed to be present to urge their rights, suit will be brought against the league for a considerable amount of damages."

"Hopkinsville refuses to release her players and those who have been assigned to other teams will be forced to remain where they are until the difficulty is settled. Manager McCarthy yesterday wired terms to Bomar and in answer received a message from the pitcher stating that his release would not be given him and that he would wire what his manager intended doing as soon as his decision was made known to him."

UNRULY HORSE

RAN AGAINST MRS. AMANDA WILHELM AT SIXTH AND JEFFERSON.

She Was Knocked Down and Painfully Injured, But Not Seriously.

Mrs. Amanda Wilhelm, the mother of Mr. James E. Wilhelm, of the Register Publishing Co., met with a painful accident this morning shortly after seven o'clock at 6th and Jefferson streets.

Mrs. Wilhelm was going to her residence on Sixth street near Broadway from her son's residence on North Fifth, near Jefferson. While crossing the street a wagon of the Evansville Brewery Co., driven by Brack Coleman, came down 6th street. The horse became frightened at a man carrying in ice and became unruly. Before the driver could gain control of the maddened

beast, it had run against Mrs. Wilhelm, who was crossing the street and trying to get out of the way, and knocked her down.

Her left side was struck by the shaft and her foot trampled on and one bone broken.

Physicians were summoned and the patient was taken home. It was first thought she suffered internal injuries, but the doctors now think she is not seriously hurt.

Pleasant Boating Party.
